Jen/ECRMD folks:

As existing chemical folks for asbestos, I am passing this request on (see below).....I expect this may be an ECRMD thing (or maybe old OSCP/SACC DFO?).

I did quickly look at the docket the person identified and the final presentation from June is not there. I have attached the slides we showed at the SACC in case you cannot find them (the ones in my files were not pdfed....not sure if they ever were).

Let me know if you have questions and I hope you are all doing well!

(Miss working with you guys)

Greetings Dr. Scarano

Are the slides from the referenced open meeting available? I would appreciate obtaining them as they would supplement the transcript that I downloaded.

Thanks in advance.

Stay well.
